

You are invited to help shape the future
of C Street by attending:

C STREET MASTER PLAN PUBLIC WORKSHOP #2 PLAN ALTERNATIVES

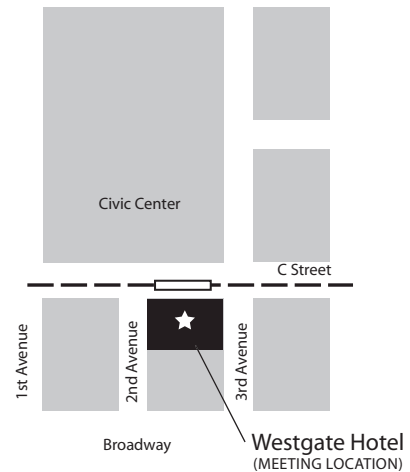

Thursday, June 22, 2006

5:30 p.m. to 7 p.m.

Westgate Hotel

1055 Second Avenue

Versailles Ballroom, Second Floor

The purpose of the C Street Master Plan is to create an overall vision for the revitalization of C Street within the project boundary of India Street to Park Boulevard, 'B' to Broadway; with specific improvements including trolley, transit, and infrastructure investments, streetscape enhancements, land use, vehicular and pedestrian circulation.

At the first public workshop, valuable input was received regarding priorities for the C Street Master Plan as well as visions of what the street might become in the future. Results of the first workshop are now available on the C Street Master Plan Web page at www.ccdc.com.

The goal of the second public workshop is to solicit input on plan alternatives that will shape the future of C Street. The focus will be on issues including land use, existing and future trolley service, proposed transit services such as bus rapid transit (BRT), automobile access, and parking needs.

For more information on this workshop and all future events, please visit ccdc.com, email cstreet@ccdc.com, or call (619) 235-2200
